Don't give explanation ahead of time other than they decide which word best fits them and go to that side.

Debrief

This is about the power of making a real choice.

Great teams do not achieve success (consistently) through luck or just wanting it to be so. Long-term success is achieved through the choices we make both as individuals and as a team.

Sometimes we make choices consciously and sometimes we make choices without much thought. The choices we make on a daily basis create our own destiny.

By becoming aware of our choices, we can decide whether they serve us or not.

Each choice we make leads us either closer to or further from our life's mission or purpose.

They lead us closer in relationships or further apart.

Other icebreakers suggested by others:

1. Two truths and a lie
2. Fuzzy Dice re emotions (to be sent from Dionne)
3. Questions:
 - a. Where did you live when you were between the ages of 7-12?
 - b. How did you heat your home?
 - c. What was the center of human warmth for you?
 - d. When did Jesus first become more than a word for you?
