

# Volunteer Connect

It isn't just millennials who want to make the world a better place. It's an intergenerational aspiration for United Methodists. And, the Florida Conference wants to make it easier for people to find places to make a difference.

**In January 2017** the Florida Conference will launch "Volunteer Connect," a community that will help volunteers connect with opportunities to make a difference based on their interests and location.

We want your church to help launch and benefit from this new community by submitting your opportunity at [www.flumc.org/volunteerconnect](http://www.flumc.org/volunteerconnect). You will be able to promote your ministries, and you will be able to search for volunteers that match your needs.

**LET'S MAKE A DIFFERENCE TOGETHER!**
