

Minnesota Life Insurance

The Conference is terminating our voluntary life and accidental death insurance with Minnesota Life effective December 31, 2015. Participants who have this voluntary payroll-deducted plan can convert their existing policy to an individual private policy. Minnesota Life will be mailing everyone currently enrolled in the plan enrollment information and instructions on how to submit payments on a quarterly basis. To exercise your option to convert to a private policy you must submit your enrollment form and first premium within 31 days from the group plan termination date to Minnesota Life.

UNUM Life Insurance

The General Board of Pension and Health Benefits is offering full time clergy and lay employees of the Conference an opportunity to purchase optional life and accidental death and dismemberment (AD&D) insurance coverage sponsored by UNUM Life Insurance. Information regarding enrollment will be mailed to the member's home address. Be sure to enroll during their open enrollment period as stated in the information to take advantage of the guaranteed issue. Enrollment outside of this initial enrollment period for you or your spouse will require proof of good health by completing the Evidence of Insurability forms.
