## IT'S TIME TO OBTAIN YOUR HEALTH INSURANCE!

Individual Health Insurance Open Enrollment begins **November 1, 2017**, and we recommend that you review your options each year. Your insurance carrier may have already sent you information about renewing your existing coverage. If you like your current plan, you may have the option to keep it when you shop the exchange. If not, this is your chance to select a new option!

Need help deciding what the best coverage is for you this year? Our interactive decision support tools, or live chat, can help you decide what coverage is the best fit for your needs. Prefer one-on-one support? Schedule an appointment with a licensed Benefits Counselor who can help guide you through the renewal process and answer any questions that you might have.

**Don't miss the 2018 Open Enrollment deadlines - start shopping November 1st!**

## SAVE THE DATE!

**11/01/2017**
